

Alexander Jeam Oro

Software Engineer

Innovative developer with 9 years of experience in object-oriented programming, implementing design interfaces, testing, and debugging. Passionate about technology and learning new things.

Experience

Solidleisure Inc & DigiPlus Incorporated

Senior Frontend Developer | December 2023 – June 2026

- Maintain and enhance multiple applications, resolve defects, and deliver new frontend features.
- Strengthen team coding standards through technical guidance and knowledge sharing.

Suki Reward App

Web Developer | April 2021 – July 2021

- Developed RESTful APIs and a backend management system; contributed to database design.

Westacton

Software Engineer | Jul 2020 – July 2021

- Developed and maintained e-learning and CMS platforms using Laravel, Vue.js, AngularJS, PHP, and Go.
- Refactored code, resolved defects, tested features, and improved the UI.

Freelance

Web Developer | Feb 2020 - June 2020

- Built a WordPress-style CMS using Laravel, Vue.js, Vuetify, Vue Router, and Vuex. (<https://thriving-in-between.com/>)

NSTBG

Senior Web Developer | Jul 2019 - Feb 2020

Junior Web Developer | Mar 2018 - June 2019

- Collaborated with cross-functional teams to define requirements, test features, and deliver enhancements.
- Reviewed code, resolved defects, maintained applications, and mentored junior developers.
- Developed a video-editing system and API using Laravel, Vue.js, Vue Router, and Vuex.

Accenture

Associate Application Development | May 2016 - Oct 2017

- Configured Workday HCM solutions as a certified consultant and advised clients on requirements.
- Prepared deployment documentation, executed production deployments, and performed regression testing and defect resolution.

Freelance

Web Developer | Oct 2015 - Jan 2016

- Developed a CodeIgniter-based inventory and POS system; improved the UI, managed the database, and refactored code.

Outsourced.ph

Junior Web Developer | Jun 2015 - Sep 2015

- Supported an internal employee portal, converted PSD designs into web pages, and updated client websites.
